

Connecting your phone to WiFi

- 1 Enter the menu by pressing the button in the center of the directional arrows
- 2 Select "Settings"
- 3 Scroll to select "Wi-Fi settings"
- 4 Ensure Wi-Fi is enabled*
- 5 Return to "Wi-Fi Settings" menu, then scroll and select "Wi-Fi Network"
- 6 Find your Wi-Fi network and press the "🔗" button
- 7 Enter your password, then press the "✓" button

* If Wi-Fi is disabled, select this setting, then toggle left or right using the directional arrows to set it to "Enable", then press the ✓ when "Enable" is displayed
